Research infrastructures in Europe

For many decades, Norwegian researchers have participated actively in international research organisations. The cooperation in these organisations is based on international agreements where the fees for each member state are determined on the basis of contractual calculation key where the gross domestic product or equivalent is a main factor. Table 1 shows which Norwegian memberships of international research organisations receive funding from the ministries.

Table 1 Norwegian participation in international research organisations funded by the ministries

Infrastructure short names	Project	Status
CERN	<a href="https://www.home.cern/">https://www.home.cern/</a>	Member from 1954
EMBL/EMBC	<a href="#">European Molecular Biology Laboratory</a>	Member since 1985
	<a href="#">The European Molecular Biology Conference</a>	
ESA	<a href="#">European Space Agency</a>	Member since 1987
ESRF	<a href="#">European Synchrotron Radiation Facility</a>	Member from 1989
IARC	<a href="#">International Agency for Research on Cancer</a>	Member since 1987
OECD Halden	<a href="#">The Halden Project</a>	Established 1958

Short name(Legal entity)	Name	Status	Department
Technology and Science			
<a href="#">EISCAT 3D</a>	European Next Generation Incoherent Scatter radar European Incoherent Scatter Scientific Association	SE is the host country. Member of EISCAT from 1975.	<a href="#">KD</a>
<a href="#">ESS ERIC</a>	European Spallation Source	SE and DK are host countries	<a href="#">KD</a>
<a href="#">ESRF – EBS</a>	European Synchrotron Radiation Facility – Extremely Brilliant Source	FR is the host country	<a href="#">KD</a>
<a href="#">ECCSEL ERIC</a>	European Carbon Dioxide Capture and Storage Laboratory Infrastructure	NO is the host country	<a href="#">OEI</a>
<a href="#">Euro Argo ERIC</a>	European contribution to the Argo program	FR is the host country	<a href="#">NFI</a>
<a href="#">EMSO ERIC</a>	The European Multidisciplinary Seafloor and water column Observatory	IT is the host country	<a href="#">KLC</a>
<a href="#">ICOS ERIC</a>	Integrated Carbon Observation System	FI is the host country	<a href="#">KLC</a>
<a href="#">EPOS ERIC</a>	European Plate Observing System	IT is the host country	<a href="#">KD</a>
<a href="#">SIOSSvalbard</a>	Svalbard Integrated Arctic Earth Observing System	NO is the host country	<a href="#">KD</a>
