Panel assignments

Thank you for your cooperation in assessing grant applications on behalf of the Research Council of Norway.

You have previously received an e-mail confirming the assigned task and directing you to these webpages to access the grant proposals to be assessed.

Impartiality and Confidence

Please see the [Regulations on Impartiality and Confidence in the Research Council of Norway - Extract](#). All expert referees are required to be familiar with these rules.

Submitting the assessment form

The Research Council case officer will specify which of the panel members is to be responsible for submitting the panel's final assessment.

A panel member's own assessment should only be sent to the Research Council when this has been specifically agreed upon with the case officer.

Access the grant application(s) and web assessment form by clicking the button "Go to all assignments".

See the Guidelines for the Web Assessment Form at www.forskningradet.no/referee.

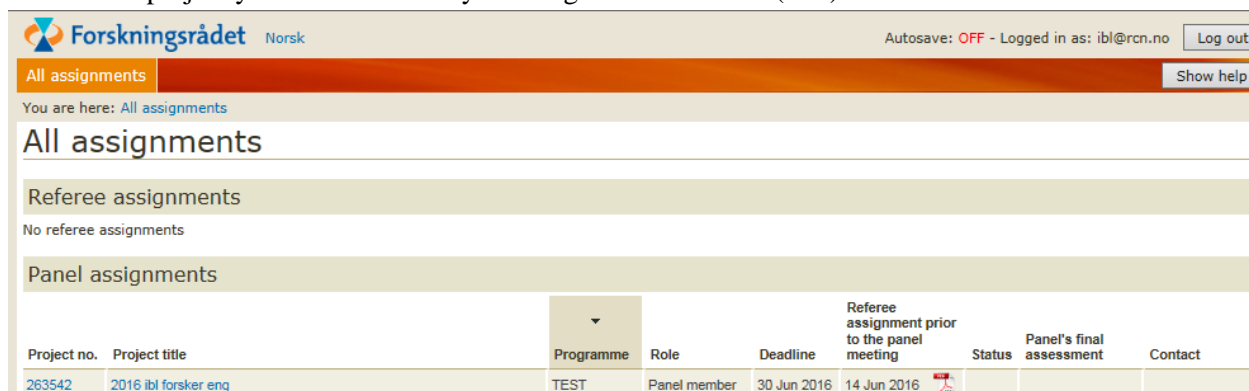

Web assessment form

Use the menus to complete the assessment form.

It is important that the text for each of the criteria, and especially the conclusion "Overall assessment of the referee/panel", is sufficiently comprehensive to give a meaningful scientific feedback to the applicant.

Principal assessor [redacted]	Prosjektet indgår tætt i det store hovedprosjekt og dermed også i dettes prosjektleidelse og gjennomføringsplan. Det er givetvis en fordel for prosjektets gjennomførbarhet.
Second assessor [redacted]	Gjennomføringsplan og ressurser er greie, men noe høye i forhold til prosjektbeskrivelsen.
